

# TORRES STRAIT EXPEDITION

*Escape to the wild waters of  
the Torres Strait...*

## *... where the fish are bigger ...*

Our Torres Strait Expedition is for the skilled adventurer. Exploring some of Australia's most northern and remote fishing grounds, we take you on the sportfishing adventure of a lifetime.

Surrounded by extraordinary fishing opportunities, pristine reef locations and magnificent scenery (not to mention the sunsets), it truly is like no place on earth. Prepare for mind-blowing fishing, trophy catches, great laughs and memories to last a lifetime.

We fish the most northern stretch of pristine reef in the GBR Marine Park including the likes of **Martha Ridgeway, Nimrod Passage and**

**Olinda Entrance** and numerous islands such as Albany, Hicks and Haggerstone.

Depending upon dates selected, you will fly in and out of Lockhart River/Horn Island, rendezvous with our mothership, Blue Martini, and spend your days fishing aboard our three 20ft centre consoles with our world class guiding team.

*... the sunsets are brighter,  
and every day brings a new adventure.*

Our Torres Strait Expeditions are full of untouched locations, specifically selected because of the huge range of species and fishing opportunities they provide.

There are a large number of bommies, reefs and islands within the target zone for this trip and yet we only visit these reefs on a total of four exclusive trips per year to ensure they remain pristine. Each charter will target locations based on the prime time for weather and

fishing, so you can be sure of mind-blowing fishing action as well as a unique experience.

You will target the likes of **Yellowfin Tuna, Red Emperor, Maori Wrasse, Dogtooth Tuna, Giant Trevally, Jobfish and Nannygai** and a host of other saltwater sport fish in extremely remote waters very rarely fished. **Barramundi, Jewfish, Mangrove Jack, Fingermark and Queenfish** are amongst our coastal/estuarine species found in this region.

# *Torres Strait Expedition Locations*

Our Torres Strait Expeditions are available in March and November.

# ***Torres Strait Expedition Sample Itinerary***

## **DAY 1: ARRIVAL DAY (Half-fishing day)**

Depart Cairns and fly to Lockhart River, where you will take a private road transfer from Lockhart River to Portland Road to meet our crew and be welcomed aboard our mothership, Blue Martini.

Half day fishing in the afternoon.

## **DAY 2 to DAY 7: 6 FULL FISHING DAYS**

Fish from approximately 7:30am til 4:30pm.

## **DAY 8: DEPARTURE DAY (Non-fishing day)**

Disembark the mothership at Horn Island for flight back to Cairns (specific times vary from trip to trip).
